Space & Naval Warfare Systems Command Awards Contract

SAN DIEGO -- Logicon, Inc., Tactical Systems Div., San Diego, Calif., is being awarded a \$13,840,835 cost-plus-incentive-fee, cost-plus-fixed-fee contract for the NATO Improved Link Eleven (NILE) Design and Development Subphase 2, which is a collaborative project to design a system consisting of a computer to computer digital data link among Tactical Data Systems (TDS) equipped ships, submarines, aircraft and shore sites which meet the requirements of the NATO Staff Requirement. The goal of the system is to increase the timeliness of the tactical information transfer and transmission of high priority warning and force orders in a dense and hostile communications environment. This acquisition will develop common specifications, which will permit the participants to implement appropriate Link 22 equipment. The acquisition also includes Government purpose rights in data and computer software. This contract includes options which, if exercised, would bring the cumulative value of this contract to \$15,498,504 and does not include Foreign Military Sales. The work will be performed in San Diego, Calif. (20%); Italy (20%); the United Kingdom (20%); France (10%); and Carlsbad, Calif. (30%), and is expected to be completed in May 2000. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured with four proposals solicited and four offers received. The Space and Naval Warfare Systems Command, San Diego is the contracting activity (N00039-97-C-0084).
